### Ballard Squibs.

Mrs. Lydia Wise has the sympathy of all in her troubles and her neighbors will assist her all in their power. The Trippy from Short Branch spent a few days visiting McClenny. Says he has lots of coal. We have a No 1 small horse for sale; single driver in good condition. Mrs. Embree not so well the last few days but some better at present. Why is not Aaron Bell selling implements this spring? We heard why but hope its not quite so bad. The democratic club raised its flag Saturday on the south of the shop. It is white to be sure but we will stripe it in November. The rain prevented us meeting Saturday as announced, but we hope every democrat in these parts will be on hand Saturday at 2 p. m. Our band boys have concluded to meet only one night (Tuesday) in each month. Zack Johnson is home again and this time to stay, says he would have made money by staying at home with his family and sending someone else to feed cattle. From Kentucky hill can see that Grand River is all over the low lands. Wm Crow jr, is working at the carpenter trade. M. L. Embree has been our assessor 3 terms and is admitted by all to be a good one too, his books were never bothered by the board of equalization until this year, and he tells us raised on all the land, big. So see how the U. S. intend paying the county debt, by making you all pay double the tax. Voters who you stand this; then vote the democratic ticket; see his books if you doubt this. J. R. Ray and wife and James Frazee and wife were down Sunday to see our M. D. Board Bros & Pogue are in the ring to stay; they have two No 1 horses but the woods are full of them, Lafollett two, Ogg one, Arbuckle one, Rutledge two, Osborne one, Crow one, and others too numerous to mention. Glad to hear that Dan Embree is held in good repute as a teacher; the directors have sent him word if he will return he can teach again the coming fall and winter. Oats, flax and wheat are looking well, but terrible for corn. Judge and Rec Cole fished in Butler Monday and they will accept many thanks for nice fish sent us. Mrs. Beatty and Greer visited relatives in Henry county Tuesday. Peter S has concluded to return to his Ballard farm; guess he will return to Henry county. John Greer sports a new buggy just from the city. Saturday at 2 p. m. is the time. Free silver and good times is what we want. Ballard improving—Dr. Mc fixing fence—Bob Beatty repairing house—Bill Cole and McClenny hauling wood. Uncle John Evans says this is the wettest spring since '44. A. J. Hughes passed with butter and eggs bound for Butler. C. K. Crow has finished hauling several hundred bushels of corn to Mr. Harrison. See elsewhere notice of Frank Crow's good luck; 160 acres near Kingfisher. Spruce and Mingo township boards met here Friday to take action on the road bond of Owens & Cantrell. We were glad to meet our old time friends Mr. and Mrs. Joe Stover of Rich Hill, they were visiting in the old neighborhood. Thos. Back Mingo's trustee, is an old Jeffersonian and keeps informed on township law and a safe man to handle Mingo's funds. JACK.

### Double Branch Items.

Another cold rain, and wind storm. No more planting corn in this neighborhood for several days. Good many of the farmers have the blues pretty bad in this neighborhood. Our Sunday Schools are all doing a thriving business now. No preaching last Sunday on account of the high water at Double Branch. Several of the good Mason Bros. were in Butler last Tuesday. Mr. Allison has taken his departure from this neighborhood. He will spend the summer in Western Texas. Wesley Hall a very estimable young man of this neighborhood will spend the summer with his sister in Arkansas. He will be greatly missed by the young people. George says the girls wont ask him to go home with them but he will see that they get home all right anyway. George is a clever boy. John ara't you afraid that scare crow will keep the customers away from your shop. How long will it be before we have children's day. The young people who are practicing for the exhibition are getting along nicely. Miss Vance will close her term of school in about two weeks. Mrs. Jim Wilson who has been visiting friends in Iowa and Nebraska has returned to her home again. John Wines will leave for the Indian Territory in a few weeks. Mrs. Jobe Uley is reported very sick. Owing to the stormy days the Sunday School Convention at Double Branch church on last Saturday was a failure. Owing to sickness in the neighborhood Dr. Lee did not get to attend the Masonic exercise at Papinville on Saturday. While Ross Grosshart was sharpening posts on his father's place he had the misfortune to cut his foot very badly. The Willow Branch Sunday School will celebrate Children's day the 1st. Sunday in June. Mr. and Mrs. Ford of Butler was visiting near Willow Branch on last Sunday. The Sunday School convention was postponed until the first Saturday in June. Several visitors from Butler was visiting in Willow Branch neighborhood on last Sunday. We congratulate the young lady who got the first ride in the new buggy. LITTLE JESSIE.

### Virginia Items.

Winter clothes have felt pleasant the past week or so. Lots of corn has to be planted over; so cold that it rotted in the ground. Cole Hensley is back from K. C. Miss Rosa Garner of Chicago renews her subscription to the Times for another year. Uncle Jeff Park, alliance, and Rev. Billy Ward, of Kansas, republican, will debate at McFadden's hall the first Saturday night in June. Uncle Jim Beckett is to get his land back as the supreme court decided in his favor; he spent \$800 trying to get it back. The river has taken another rise and is higher than ever; Freeman Short says the water has backed and his potatoes are being dug so fast by the fish that he spends most of his time herding them off the garden. Morton Jenkins has left K. C. and is in the Reavley mines. J. G. Cuzick is still here searching for his horses. Andy Simpson, take in your cow at night or Tom Gilligan will drive over her and leave her with her heels up. Henderson says tell

the boys that he is in the neighborhood soliciting for the Blue Mount nursery. Oscar Harris was kicked by a mule last week but no bones broken. J. H. Rodgers of Amoret was over one day last week and left his name to be put on the Times subscription list. David Nestle rode bought a fine horse of Albert Pilgrim the other day. Wiley Comford was going home from the field the other day when a mule colt that was following one of the mares dropped dead; cause unknown. Grandma Adis is very sick and as she is an aged lady it will be very hard for her to pull through. When in town call on me if you want goods on time and I will make you prices that will show you that I can sell on time, but I will sell for cash at prices that will please you. K. P. Slade and wife of Mulberry was in town Sunday. Aunt Betty Dudley has just returned from a visit to Eldorado Springs. Born to the wife of Geo Sampson a boy, squalling for a pick and shovel; Mr. S is a miner. N. M. NESTLEBORE

### Johnstown and Spruce Twp. Items.

Well we had 43 hard rains before yesterday and it's raining to day. John Richardson who for the last four years has been trying his luck in Oregon has returned to his old home. We were glad to hear and know that J. D. Allen is a delegate to the National Convention. The people of this district can rest assured that Capt. J. D. Allen will do the right thing. This is the right man in the right place. Parson Kinney talks of spending the summer at Eldorado Springs. For fine stationery call on J. W. Choate. Elmer Umstead's child met with quite a serious accident by falling from a chair and breaking the collar bone. D. Maxey was called at once and reports it not dangerously hurt. We hope to hear of its speedy recovery. We will now trade for a horse. We want one that will not run away and not be afraid of a teacher and umbrella. Some of my U. L. Bros are kicking at my old chum Buddy Carroll. Now my dear Bros you must let Buddy alone Buddy and I are chums and Buddy is like the rest of us, not perfect and cannot get his carnal mind under subjection at all times so deal gently with him for my sake. Geo. Wells and Jesse Coleman was out in good shape Sunday night. We will just say that if any of the young people take a notion to get married, just let the Gov. know and have him there if you want it written up. Dr. Choate returned to day from Pleasant Hill where his wife is visiting. The Dr. was called by telegram to the bedside of his sick child, but we are glad to note at this writing it is convalescent. If Col. Stone is nominated for Governor it will make but very little difference if the U. L. and Rads do fuse. We democrats will show them which way the cat's hopping. We learn that Esq. J. N. Smith has a good blacksmith shop to rent in this city. For particulars address J. N. Smith, Spruce, Mo. C. C. Cliser was in the city to day with his lantern in hand. What C. C. are you headed for St. Louis. Electric lights is the proper thing for Johnstown to look after now. The Democratic club will meet to night to elect officers. Gov. SHORT.

### P. G. Musings.

The weather has warmed up again. Corn planting is still progressing between rains. Miss Burrows gave a spelling last Wednesday night. Miss Lucy Glover of Summit, is visiting at the residence of L. W. Brooks. Mrs. Ellington is improving slowly. The crowd that gathered at Orchard Grove Sunday night the 15th for worship, was disappointed by the failure of the preacher to put in his appearance. The school board will proceed in the near future to build the school house out in the swamps and tangled wild wood west of P. G. fifteen miles from nowhere, in the land of frogs rattle snakes that owls and panthers. McGINTY.

New Orleans, La. May 19.—The department of Louisiana and Mississippi, G. A. R. has passed resolutions surrendring the division charter because Commander in Chief Palmer suspended the division commander for not recognizing the colored posts. Only two members voted against disbandment. The resolutions advise the eight white posts in the division to follow the example of the encampment. The G. A. R. thus loses 600 members, who will organize for benevolent work among Union veterans.

### DESTRUCTION IN ARKANSAS.

Thousands of People Driven Out By High Waters.

Pine Bluff, Ark. May 22.—The destitution of flood sufferers up and down the Arkansas river is fearful. In the Stum Bayou and White Bluff districts the water is so high that boats had to be sent there to rescue the people. The steamer Anna B. Adams brought 1,200 refugees here this morning and 220 more were landed this afternoon by the government boat Cleveland.

The officers of the Adams report two women and a child drowned by falling from a skiff. The husbands climbed trees and were rescued. Both steamers have returned to the flooded localities to bring relief to other sufferers.

A telegram received here this evening states that the town of Altheimer, twenty miles north of here, is under three feet of water. The citizens here are doing all in their power for the sufferers and the war department is rendering valuable assistance.

There is not a single farm on the river between here and Little Rock that has sufficient dry ground on which to place the stock. Thousands upon thousands of acres of cultivated fields are entirely submerged.

This evening about 3 o'clock the steamer Cleveland arrived from the upper river and confirms the reports. She picked up several hundred and put them off on high land. God only knows what these people are going to do; they have no means and there is no work they can get. Even those who were considered prosperous planters and good before are now refused credit and in many instances are entirely without food. Late this afternoon a telegram was received from Wabbaseca, about twelve miles below here, saying that that place was fully three feet under water, and asking that boats be sent to their relief. Efforts are being made to help them.

The loss at St. Louis by the floods foot up to the enormous sum of 28 million dollars. The worst of this is that it falls upon those who can ill afford to bear the loss. It is no wonder that even those who do not as a general thing believe in prayer, are now praying that the rain will cease. The worst part of the floods, however, is that there is sure to be much sickness along the flood swept districts.—Sedalia Bazoo.

### BAD ECZEMA ON BABY

Head one Solid Sore. Itching Awful. Had to Tie His Hands to Cradle. Cured by Cuticura.

Our little boy broke out on his head with a bad form of eczema, when he was four months old. We tried three doctors, but they did not help him. We then used your three CUTICURA REMEDIES, and after using them eleven weeks exactly according to directions, he began to steadily improve, and after the use of them for seven months his head was entirely well. When we began using it his head was a solid sore from the crown to his eyebrows. It was also all over his ears, most of his face, and small places on different parts of his body. There were sixteen weeks that we had to keep his hands tied to the cradle and hold them when he was taken up; and had to keep mittens tied on his hands to keep his fingers out of the sores, as he would scratch if he could in any way get his hands loose. We knew your CUTICURA REMEDIES cured him. We feel safe in recommending them to others. GEO. B. & JANETTA HARRIS, Webster, Ind.
